

(October 2008) iRi is excited to announce the release of the second edition of CEO James Bellanca's Best Seller, *Active Learning Handbook for Multiple Intelligences Classroom*. Originally an iRi/Skylight publication, this totally revised second edition presents more than 200 research-based activities and projects for hands on learning in K-12 classrooms. Utilizing both Howard Gardner's theory of multiple intelligences and Reuven Feuerstein's theory of structural cognitive modifiability, Bellanca provides engaging lessons to increase students' intrinsic motivation while developing cognitive domains. This new edition is published by Corwin Press and will be available November 2, 2008.

iRi is offering a special 20% discount for orders placed through our store prior to November 11, 2008 . Please contact orders@iriinc.us to place your order.

Teach to students' strengths with new and enhanced activities that engage their multiple intelligences!
